### GET YOUR STORE ROLLING

The Girls Inc. leadership group invited us to join them for a two-part series to talk about being an entrepreneur and to share our small business success story. As part of the workshop, the girls designed their own shirts and came to the shop to experience the screen printing process from start to finish. See the results below.

If you're not familiar with **Girls Inc.**, check out this very cool, local organization. We love their mission to *inspire girls to be strong, smart and bold* and they've been at it for 48 years!
